2009 - 2010 Birdhouse Design for a Common Nighthawk

Inspiration Violent characteristics

Size of birdhouse "25-20"

Personality/Characteristics of bird Aggressive, anti-social
likes to be on the ground, doesn't like
being threatened or disturbed, flies at
a moderate height, dives toward the ground

Placement in the landscape Asphalt walkway or
Turf garden

Materials dark green paint, brown artificial
brush (greenery), already carved 15" wooden blocks
bird house, wooden legs (pegs)

Unique features fossil-like leave prints, slanted
slope (compliments the dive motion),
camouflage scenery, "20" = "25-20"
