

EyeBeam Project

April 24, 25, 26, 2009

Collaborative—Installation
Architects/Artists

GAIN 32 HRS (+/-) IN PROFESSIONAL & COMMUNITY

The EyeBeam Project was added to the Imagination Festival interactive art workshops in 2002. It has been a huge success and the kids have had a blast participating in this art and architecture experience. The project is a collaboration between the architecture and art communities. Children attend the Festival Friday from city center schools, Region 20/20 schools, and special need classes. Over the weekend kids and their families and targeted children's organizations attend.

WE COULD LOVE YOUR HELP! In the past, volunteers have provided EyeBeam participants with the friendly, knowledgeable and enthusiastic interface needed to ensure a rich and fun experience.

Volunteer shifts are four hours, except on Friday.

This is an entertaining and rewarding volunteer experience that you will enjoy doing while supporting the Birmingham arts community.
